The Yellowstone River is the longest free-flowing (undammed) river in the contiguous United States. The longest river in the U.S. by miles, the Missouri River, begins in Montana at the "Three Forks" - the intersection of the Gallatin, Madison and Jefferson Rivers. Flathead Lake is the largest fresh water lake west of the Mississippi River.

Montana's largest county by population is Yellowstone County, home to almost 159,000 people according to 2017 estimates. That's 35 percent more people than the next most-populated county (Missoula), and 300 percent more than the least-populated county (Petroleum). Approximately 1 in 7 Montanans live in Yellowstone County.

## A photograph of a street sign. The sign is green with white lettering. The top part of the sign says 'MIDDLE' and the bottom part says 'NOWHERE'. The sign is mounted on a metal pole. In the background, there are buildings and a street.

A photograph of two men on a boat, each holding a large fish. The man on the left is wearing a green shirt and blue shorts, while the man on the right is wearing a white shirt and blue shorts. They are both smiling and looking at the camera. The background shows a body of water and a clear sky.

Jeff Foxworthy  
on Montana –  
You might live  
in Montana if....

- If parking your car for the night involves an extension cord,
- If you have ever refused to buy something because it's "too spendy",
- If your local Dairy Queen is closed from November through March,
- If you have worn shorts and a parka at the same time,
- If your town has an equal number of bars and churches,
- If you know how to correctly pronounce Absarokee, Choteau, Ekalaka, and Hysham,
- If you can drive 65 mph through 2 feet of snow during a raging blizzard, without flinching,
- If you see people wearing hunting clothes at social events,
- If the largest traffic jam in your town centers around a high school basketball game,
- If there are 7 empty cars running in the parking lot at Wal-Mart at any given time,
- If there are more people at work on Christmas Eve Day than on Opening Day of Deer Season,
- If you design your kid's Halloween costume to fit over a snowsuit,
- If driving is better in the winter because the potholes are filled with snow,
- If you know all 4 seasons: almost winter, winter, still winter and road construction,
- If you find 0 degrees "a little warm,"

You don't need a driver's license  
to compete in NASCAR.  
Technically, a state's driver's  
license is not needed to compete  
in NASCAR. Even drivers who have  
had their actual driver licenses  
suspended for everything from  
reckless driving to DUIs were  
still able to race in NASCAR.

Cowboy work is more than a job; it is a  
life-style and a medium of expression.  
~John R. Erickson
